**Five H** is a wine brand that represents five different personalities, five unique individuals, and five very different life journeys; two well traveled and three still awaiting exploration. More than anything however, **Five H** embodies each Hinman family member: Doyle, Sue Ann, Chelsea, Brady and Cody. This new wine concept marks a return to the beginning of the Hinman family's journey when Doyle made his first wines in 1979. Honor us by sharing our wines with family and friends. We are intent on offering special wines that have meaning to all of us, and represent the very best the Pacific Northwest has to offer. The Five H White Riesling, Heritage (red blend) and Walla Walla Valley Syrah, is only the beginning of a return to the tradition and legacy of the Hinman family.
